YOUR PARTNER IN **SAFETY**

KPR®

Growing up in Canada, we tend to take for granted the importance of safety. Accidents do happen, resulting in minor to severe injuries such as sprains, bruises and some a life time of pain and suffering.

Canada is one of the few countries that has a strong health and safety program. This is made possible by education, control of product standards and the commitment of our employers. We strive to protect ourselves trusting in the products we buy.

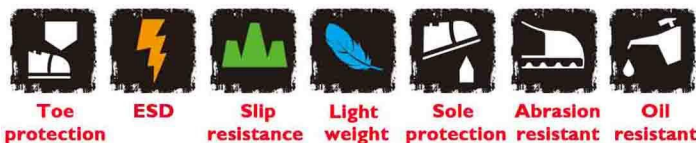

With KPR, we continuously work with our partners to understand the importance of quality and comfort. Our customers come from various working environments worldwide. We are always listening and striving to do better. We work hard to provide top quality and comfort safety footwear at affordable prices.

As part of our commitment we invest in reputable machinery such as DESMA for production and automation, and we do not compromise in material as we use BASF soling material. We continue to invest in our employees in training and development to ensure quality products reach our customers.

We are proud to be Canadians; we want to make the work place safe for our children as well.

What's Inside:

Low cut Japan Microfiber lace up PU/Rubber Safety Shoes

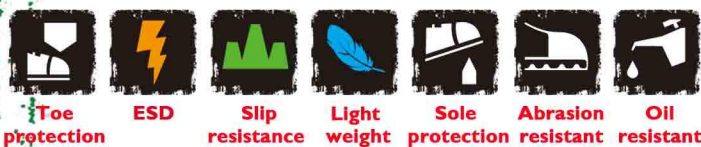

- Model: **I-081 / I-016B**
- Safety Toe: Composite toe cap
- Electrical feature: ESD
- Material: Exclusive Japan Hi-End Microfiber
- Color: Black
- Lining: BK mesh lining
- Sole: Light weight PU with special formulated Rubber outsole
- Size: **I-081** UK 2-10 / EU 35-45
I-016B UK 2-12 / EU 35-47
- Footbed: PU open pore foam. Ultra-light and breathable providing continuous biomechanical support

LADIES

Low cut Ladies Japan Microfiber lace up PU/Rubber Safety Shoes

- Model: **I-313 / I-315 / I-316**
- Safety Toe: Composite toe cap
- Electrical feature: ESD
- Material: Exclusive Japan Hi-End Microfiber
- Color: Black
- Lining: BK mesh lining
- Sole: Light weight PU with special formulated Rubber outsole
- Size: UK 2-7 / EU 35-41
- Footbed: PU open pore foam. Ultra-light and breathable providing continuous biomechanical support

L-805B

High cut Buffalo Leather Rigger Safety Boots

- Model: **L-805 / L-805B**
- Safety Toe: Steel toe cap
- Sole protection: Steel plate
- Electrical feature: Anti static
- Material: Buffalo full grain printed leather
- Color: Black / Tan
- Lining: BK mesh lining
- Sole: Dual density PU/PU outsole, SRC
- Size: **L-805** UK 5-12 / EU 38-47
L-805B UK 3-12 / EU 36-47
- Footbed: Thick comfort EVA. Provide support, comfort and stay dry

L-026

Mid cut Buffalo leather D-ring lace up Safety Boots

- Model: **L-026**
- Safety Toe: Steel toe cap
- Sole protection: Steel plate
- Electrical feature: Anti static
- Material: Buffalo full grain printed leather
- Color: Black
- Lining: BK mesh lining
- Sole: Dual density PU/PU outsole, SRC
- Size: UK 4-12 / EU 37-47
- Footbed: Thick comfort EVA

L-224

Mid cut Buffalo leather D-ring lace up Safety Boots

- Model: **L-224**
- Safety Toe: Steel toe cap
- Sole protection: Steel plate
- Electrical feature: Anti static
- Material: Buffalo full grain printed leather
- Color: Black
- Lining: BK mesh lining
- Sole: Dual density PU/PU outsole, SRC
- Size: UK 4-12 / EU 37-47
- Footbed: Thick comfort EVA

L-083

Low cut Japan Microfiber 4 Eyelets lace up Safety Shoes

- Model: **L-083**
- Safety Toe: Steel toe cap
- Sole protection: Steel plate
- Electrical feature: ESD
- Material: Exclusive Japan Hi-End Microfiber
- Color: Black
- Lining: BK mesh lining
- Sole: Dual density PU/PU outsole, SRC
- Size: UK 5-12 / EU 38-47
- Footbed: Thick comfort EVA.

L-010

Low cut Buffalo leather 3 Eyelet lace up Safety Shoes

- Model: **L-010**
- Safety Toe: Steel toe cap
- Sole protection: Steel plate
- Electrical feature: ESD
- Material: Buffalo full grain printed leather
- Color: Black
- Lining: BK mesh lining
- Sole: Dual density PU/PU outsole, SRC
- Size: UK 5-12 / EU 38-47
- Footbed: Thick comfort EVA.

Mid cut Brown Nubuck Fashion Safety Boots

- Model: L-222
- Safety Toe: Composite toe cap
- Sole protection: Non-metallic anti-perforation plate
- Electrical feature: ESD
- Material: Nubuck leather
- Color: Beige
- Lining: BK mesh lining
- Sole: Dual density PU/PU outsole, SRC
- Size: UK 3-12 / EU 36-47
- Footbed: PU open pore foam. Ultra-light and breathable

Mid cut Honey Nubuck Leather lace up Safety Boots

- Model: L-222
- Safety Toe: Composite toe cap
- Sole protection: Non-metallic anti-perforation plate
- Electrical feature: ESD
- Material: Nubuck leather
- Color: Chocolate
- Lining: BK mesh lining
- Sole: Dual density PU/PU outsole, SRC
- Size: UK 3-12 / EU 36-47
- Footbed: PU open pore foam. Ultra-light and breathable

Low cut Buffalo Leather lace up Safety shoes with yellow HI-VIZ

- Model: L-026X
- Safety Toe: Composite toe cap
- Sole protection: optional
- Electrical feature: Anti Static
- Material: buffalo leather
- Color: black
- Lining: BK mesh lining
- Sole: Dual density PU/PU outsole, SRC
- Size: UK 3-12 / EU 36-47
- Footbed: PU open pore foam. Ultra-light and breathable

Low cut Japan Microfiber Lace free Velcro Safety Shoes

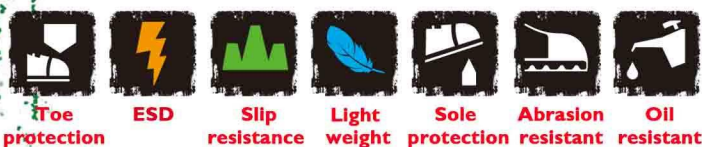

- Model: L-088
- Safety Toe: Steel toe cap
- Sole protection: optional
- Electrical feature: ESD
- Material: Exclusive Japan Hi-End Microfiber
- Color: White
- Lining: mesh lining
- Sole: Dual density PU/PU outsole, SRC
- Size: UK 3-12 / EU 36-47
- Footbed: Thick comfort EVA.

Low cut Buffalo leather 4 Eyelet lace up Safety Shoes

- Model: L-211
- Safety Toe: Steel toe cap
- Sole protection: Steel plate
- Electrical feature: ESD
- Material: Buffalo full grain printed leather
- Color: Black
- Lining: BK mesh lining
- Sole: Dual density PU/PU outsole, SRC
- Size: UK 5-12 / EU 38-47
- Footbed: Thick comfort EVA. Provide support, comfort and stay dry

[Heat Resistance up to 300°C]

Low cut Suede lace up Sports Heat Resistant 300°C Safety Shoes

- Model: **M-017**
- Safety Toe: Composite toe cap
- Sole protection: Non-metallic anti-perforation plate
- Electrical feature: ESD
- Material: Suede leather
- Color: Grey
- Lining: Mesh
- Sole: Light weight PU with special formulated Rubber outsole, SRC
- Size: UK 3-12 / EU 36-47
- Footbed: Dual Density Air PU foam. Superior cushioning and support.

Mid cut Suede lace up Sports Heat Resistant 300°C Safety Shoes

- Model: **M-027**
- Safety Toe: Composite toe cap
- Sole protection: Non-metallic anti-perforation plate
- Electrical feature: ESD
- Material: Suede leather
- Color: Grey
- Lining: Mesh
- Sole: Light weight PU with special formulated Rubber outsole, SRC
- Size: UK 4-12 / EU 37-47
- Footbed: Dual Density Air PU foam.

Mid cut Non-metallic Nubuck Heat Resistant 300°C Safety Shoes

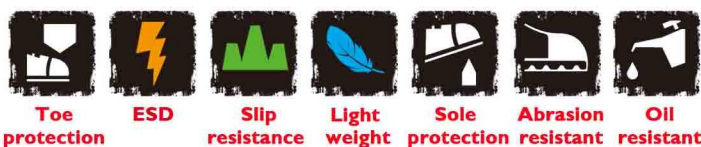

- Model: **M-222**
- Safety Toe: Composite toe cap
- Sole protection: Non-metallic anti-perforation plate
- Electrical feature: ESD
- Material: Nubuck
- Color: Dark Brown / Yellow / Black
- Lining: Mesh
- Sole: Light weight PU with special formulated Rubber outsole, SRC
- Size: UK 5-12 / EU 38-47
- Footbed: PU open pore foam. Ultra-light and breathable

Low cut lace up D-Ring Heat Resistant 300°C Safety Shoes

- Model: **M-026**
- Safety Toe: Composite toe cap
- Sole protection: Non-metallic anti-perforation plate
- Electrical feature: ESD
- Material: Buffalo Leather
- Color: Black
- Lining: BK mesh lining
- Sole: Light weight PU with special formulated Rubber outsole, SRC
- Size: UK 4-12 / EU 37-47
- Footbed: PU open pore foam. Ultra-light and breathable

Low cut Full Grain Leather Heat Resistant 300°C Safety Shoes

- Model: **M-018**
- Safety Toe: Composite toe cap
- Sole protection: Non-metallic anti-perforation plate
- Electrical feature: ESD
- Material: Full grain leather
- Color: Black
- Lining: Mesh
- Sole: Light weight PU with special formulated Rubber outsole, SRC
- Size: UK 3-13 / EU 36-48
- Footbed: Removable PU open pore foam; is ultra-light

Mid cut lace up Safety Boots

- Model: K-803
- Safety Toe: Composite toe cap
- Sole protection: Non-metallic anti-perforation board
- Electrical feature: ESD
- Material: Buffalo full grain printed leather
- Color: Black
- Lining: Cambrelle lining
- Sole: Dual density PU/PU outsole, SRC
- Size: UK 5-12 / EU 38-47
- Footbed: Thick comfort EVA. Provide support, comfort and stay dry

Mid cut Zipper Safety Boots

- Model: K-806
- Safety Toe: Composite toe cap
- Sole protection: Non-metallic anti-perforation board
- Electrical feature: ESD
- Material: Buffalo full grain printed leather
- Color: Black
- Lining: Cambrelle lining
- Sole: Dual density PU/PU outsole, SRC
- Size: UK 4-13 / EU 37-48
- Footbed: Thick comfort EVA. Provide support, comfort and stay dry

KPR ACCESSORIES

[Removable Insoles Healthy Comfort Solutions]

EVA

EVA: Quick are easy way to refresh your favorite pair of shoes. Great comfort heel support cushion. Built in air channel system to improve breathability and allow for quick drying.

PU AIR

PU AIR: Upgrade to our PU Open Pore PU foam system. Material is ultra light and breathable providing continuous biomechanical support.

PU STRONG

PU STRONG: This insole has a deep-cushioned heel cup with sides contoured to the shape of your foot. Arch support stabilizes arch area to help hold foot in natural alignment and to prevent arch from failing. The fabric's porous fibers wick away sweat for better foot health and comfort.
